At the time of the data gathering, there were three nursing homes in the county - Coffee County Medical Center Nursing Home and Crestwood Nursing Home and Life Care Center of America. At the time of the data gathering, the nursing homes were staffed at 95.1% occupancy.

V. COMMUNITY NEEDS ASSESSMENT

The following section contains the collection of data as it was presented to the Coffee County Health Council from March 1997 through October 1997. The Community Development staff presented the health data. Several data sources were consulted in order to meet the needs of the Health Council.

Appendix B – Comparison of Data of Behavior Risk Factor and Community Survey

A. Primary Data

Behavior Risk Factor Survey

The University of Tennessee, Knoxville completed 200 sample telephone questionnaires concerning the health status and availability of care in Coffee County.

According to this survey (Behavior Risk Factor Analysis), the top five community health problems in the county are:

1. Tobacco Use
2. Cancer
3. Obesity
4. Teen Pregnancy
5. Alcohol Abuse

The top five problems concerning access to health care, according the BRFS, are:

1. Transportation to health care
2. Access to assisted living services
